The challenger had already given their \$1,000!—Our challenge needs 9 more people to step up for this exciting way to give. Last year, we had several new families that received this scholarship! Terra Nova testing all week.

Terra Nova Testing

As the students test this week, be sure to make sure your student is getting plenty of rest, eating a nutritional breakfast and receiving lots of encouragement. For some students, testing can be stressful—help your child to de-stress at home! Also pray for your teachers:)

Worship Team

No Worship Team practice this week.

We will take a break from worship team practice this week so that students can direct their energy into testing.

K, 1st & 2nd -Mrs. Beck

This week Ms. Alisha from the 4-H extension office will return to help us candle the eggs. This will allow the students to see which eggs contain a live chick inside. The eggs will be grouped into 3 categories yokers, goers, and stoppers. The yokers are the eggs that were not fertilized and only contain a yoke. The goers are the eggs containing a live chick. The stoppers are the eggs that contain a chick that is no longer alive and growing.

Teacher Appreciation Week

It's time to show them our love and appreciation so let's give the teachers in our lives a special thanks for all that they do during **Teacher Appreciation Week, May 2–6.**

Teaching is a Work of Heart!

*In your Monday folder are the Teacher Questionnaires to help you with some ideas for this week.

3rd, 4th & 5th –Mrs. Makovicka

This week we are Terra Nova Testing during the mornings. However, our afternoons will be as normal as possible. The 3rd and 4th graders will have an English test on Pronouns on Wednesday.
